Paire d'enceintes actives design

Réf. : 11036854

GTIN: 4026397325133

L'article n'est plus disponible.

Description:

Not to underestimate!
Allowedly, expressions such as "small but nice" or "trinket" sometimes tend to be overworked, but in case of our active OMNITRONIC EG-30A speakers, exactly this description is really true and justified. Because the said pair of speakers impresses with its modern, attractive design, the compact appearance, the outstanding value for money and - if it was not enough yet - with its amazing good properties of sound. Although you might not expect it upon first sight, but concerning the sound, the little speakers talk big and do not leave anything to ask for and are doubtlessly able to play back more than just gentle background music. By the way, the speakers can also be ordered in white and as passive version.

Caractéristiques:

- High-quality sound, capable of high volumes due to 2-way system
- 2 x 8 cm woofer (2 x 3") and 2 cm tweeter (0.75")
- 2-way tone control and level control
- Signal input and output via balanced XLR connectors
- Oval-shaped design cabinet with bass-reflex system
- White or black plastic housing (ABS) with metal grille
- Packed as a pair (2 pieces)
- Delivery includes mounting bracket (adjustable at will) for ceiling or wall installation
- Ideal for decentral sound-surroundings in bars, lounges, shops, etc.
