

# XDA Series High power – low weight!

With the devices of the XDA series, you get PA amplifiers with high power, but low weight. Besides that, you won't need much space in your rack for mounting them, as both models are only one unit high (44 mm).

The smaller version, the **XDA-1002**, offers 2 x 510 watts at 4 ohms (RMS) – and a weight of only 4 kilograms. Its bigger brother, the **XDA-2402**, has 2 x 1200 watts at 4 ohms (RMS) and won't make your back hurt either with its weight of only 6.4 kg.

Despite its low weight and the manageable dimensions, you won't need to lower your sights regarding sound or safety. The XDA series convinces even very skeptical users with excellent sound characteristics and highly effective, high quality protection circuits. Both amplifiers are also 2 ohm stable. Let us give you this advice: Slim down your amplifier rack now!

NEW CLASS D 19" 1U

No. 10451635

### OMNITRONIC XDA-1002 Class D Amplifier

Stereo PA amplifier with SMPS, 2 x 510 W / 4 ohms, 2 x 300 W / 8 ohms

NEW CLASS D 19" 1U

No. 10451636

### OMNITRONIC XDA-2402 Class D Amplifier

Stereo PA amplifier with SMPS, 2 x 1200 W / 4 ohms, 2 x 880 W / 8 ohms

## DJP-700 Digital mixing amp

Very compact, digital mixing amplifier with 2 x 300 W – without fan, at an unbeatable price. This introduction may sound a little cocky, but it illustrates the advantages of the DJP-700 to the point. Because a device with this dimensions, this quality and this workmanship is really not common.

Especially for restaurants, bars and the use at home, this class D amplifier is perfectly suited. Due to the fanless cooling concept, operation is absolute silent. With its small dimensions and its little weight, it fits in almost everywhere. And the 2 x 300 W easily provide enough power for all uses mentioned above.

At the front side, a microphone input, an additional jack plug (3,5 mm), a switch for selecting different audio sources (altogether 4 stereo plugs) and a controller for volume, basses and highs are placed.

CLASS D

No. 10451601

### OMNITRONIC DJP-700 Class D Amplifier

Compact stereo mixing amplifier, 2 x 300 W / 4 ohms

USB SD<sup>HC</sup> BLUETOOTH MP3 CLASS D

No. 10451602

### OMNITRONIC DJP-700P Class D Amplifier

Compact stereo mixing amplifier with player + Bluetooth, 2 x 300 W / 4 ohms

19" 1U

No. 10007072

### OMNITRONIC EP-220 Preamplifier
