

Omnitronic WR-1BT - High Fidelity in the air!

Our **WR-1BT** brings along a new answer: streaming music files in first-class CD quality is possible via Bluetooth. It's the audio codec aptX which enables, despite the limited bandwidth of Bluetooth transfers, the streaming of considerably more data than ever before via Bluetooth – even flac files. Support for the old standard with A2DP protocol and SBC codec is, however, guaranteed. Besides the current analog output (3.5 jack) the receiver offers an optical digital output. Via NFC (Near Field Communication) the communication between receiver and source is moreover alleviated.

BLUETOOTH

No. 13072200

OMNITRONIC WR-1BT Bluetooth Receiver NFC

Bluetooth transmission in CD quality via aptX codec

USB PCconnect 2.4G

No. 13072210..... WS-1T Transmitter
No. 13072211..... WS-1R Receiver

OMNITRONIC WS-1 2.4GHz

Digital audio transmission system 2.4 GHz, with USB

2.4G

No. 13072212

OMNITRONIC WS-1RA 2.4GHz Receiver, active

Digital audio transmission system 2.4 GHz, 2 x 20 watts/4 ohms

No. 13072230

OMNITRONIC WMT-1M UHF Transmitter, mono

Wireless mono audio transmission system, 823-832 MHz

No. 13072231

OMNITRONIC WMR-1M UHF-Receiver, mono

Wireless mono audio transmission system, 823-832 MHz
