

# Rack Stands & Steel Racks

## Paint it black!

Cases don't have to be merely functional – they are also allowed to be an optical highlight. Such as our new all-black hardware cases. Until now, cases like that have only been available at special manufacturers – now, Steinigke offers them as well.

Transporting CD players safely, that's the meaning behind the two noble black flightcases. Both measure a height of 85 mm and a length of 420 mm (inner dimensions). Just their width differs: the BLHD Type 2 is a bit wider (320 mm compared to 250 mm). Apart from that, the two cases are identical in their first-class quality. Not only considering the looks, also in the matter of workmanship:

7 mm thick multilayered glued plywood, an interior upholstered with foam, a aluminum profile frame (30 mm) with rounded edges, three-leg. Medium-sized steel ball corners, 2 high-quality butterfly locks, padded carrying handles, adpater strips for fitting the respective players and a removable front plate for front-loading CD players.

The all-black cases are available from now on.

### Studio rack

- No. 3010362V ..... 4 U
- No. 3010362W ..... 6 U
- No. 3010362Y ..... 8 U
- No. 3010362Z ..... 10 U
- No. 30103630 ..... 14 U, with mixer section 8 U
