

FT-200 Fire Training

Antari, a world renowned leader in entertainment atmospheric effects continues its expansion into fire and rescue training.

We're proud to introduce the all new FT-200.

Built on the success of Antari's first fog generator developed exclusively for fire and rescue training, the popular FT-100.

The new FT-200 introduces new technologies to offer one of the world's most rugged and advanced fog generators for fire and rescue training.

Features

1. All new advanced heater block increase output by 200% compare to FT-100.
2. IP rated case design
3. Sleek and compact casing design make it easily transported and stored
4. Capable of multi-position operation
5. Built-in electronic timer for hands free operation

Specification

Voltage	U.S. Version: AC120V 50/60Hz Europe Version: AC230V 50/60Hz
Power Consumption	1,600 W
Warm up Time	7.5 minutes (approx.)
Fluid consumption	270ml / min (100% output)
Fluid Tank Capacity	2.4 Liters
Fluid	Antari FLP Fire Training Fog Fluid
Coverage	Height 8 Meters
DMX Channel	1 Channel
Accessories included	W-2 Wireless Remote
Accessories optional	Z-3 Cable Remote
Dimension	L 301 W 194 H 414 mm
Weight	16 kg
