

DMX USB 19" 4U MOTOR. FADER

MULTICHASE

No. 70064516

EUROLITE DMX Move Controller 512 PRO

DMX controller with FX generator for motions

Unique in its class

Such a quality has never been there for light controllers of this size. The Move Controller scores with its equipment, conception and a special feature: motorized faders.

With the DMX Move Controller 512 Pro, 24 DMX lighting effect devices with up to 34 channels per device can be controlled. It is perfectly suited for use with moving lights and devices having RGB or RGBW LEDs. The compact measurements make it the perfect companion for mobile users.
