

TMQ QUITAMIEDOS MODULARES

Los quitamiedos reforzados TMQ de rápido y fácil montaje, están disponibles en dos longitudes estándar:

- > Quitamiedos TMQ-01 Medidas de trabajo: 880 mm de longitud por 1100 mm de altura
- Ref. **TMQ-01/440**: Para lateral de 1m Tarimas TM440 y TM441 Peso: 6,18 kg
- Ref. **TMQ-01/442**: Para lateral de 1m Tarima TM442 XL. Peso: 6,86 kg
- > Quitamiedos TMQ-02 Medidas de trabajo: 1880 mm de longitud por 1100 mm de altura
- Ref. **TMQ-02/440**: Para lateral de 2m Tarimas TM440 y TM441 Peso: 9,38 kg
- Ref. **TMQ-02/442**: Para lateral de 2m Tarima TM442 XL. Peso: 10,06 kg

Los quitamiedos se fijan a las tarimas mediante los conectores Ref. ANG. Cada unidad se suministra con todos los elementos de anclaje necesarios para su fijación a la tarima:

- 1 Abrazadera Ref. **TMU-06** para conectar dos quitamiedos entre sí.
- Conectores Ref. **ANG** (TMQ-01: 2 conectores ANG / TMQ-02: 3 conectores ANG)

Los quitamiedos, diseñados con una barra transversal de refuerzo, están fabricados en acero con acabado en pintura Epoxy especial para exteriores. Los quitamiedos TMQ son conformes con la normativa DIN 15920-11 (cuando se utilizan con tarimas TM de GUIL®)

TMQ HANDRAILS

GUIL TMQ handrails are designed to add safety to the platform system. They prevent accidents and keep performers and band members safe. GUIL handrails are heavy-duty and have a quick and easy attachment.

Handrails are manufactured in two standard lengths (customized lengths and different colours are available on request):

- > TMQ-01 working dimensions: 880 mm long by 1100 mm high.
- Ref. **TMQ-01/440**: Handrail for 1m side TM440 & TM441 Platforms. Weight: 6.18 kg
- Ref. **TMQ-01/442**: Handrail for 1m side TM442 XL Platforms. Weight: 6.86 kg
- > TMQ-02 working dimensions: 1880 mm long by 1100 mm high.
- Ref. **TMQ-02/440**: Handrail for 2m-lateral TM440 & TM441 Platforms. Weight: 9.38 kg
- Ref. **TMQ-02/442**: Handrail for 2m-lateral TM442 XL Platforms. Weight: 10.06 kg

TMQ Handrails easily attach to the Platforms with the profile connectors Ref. ANG, which slide into the side profiles of the decks. Each TMQ Handrail comes complete with:

- 1 Handrail to handrail adjustable clamp Ref. **TMU-06** to connect and fix together two handrails, adding extra rigidity and support.
- Profile connectors Ref. **ANG**: TMQ-01: 2 ANG connectors / TMQ-02: 3 ANG connectors

TMQ handrails, with mid-rail design, are manufactured in steel and Epoxy painted for maximum durability and professional appearance. TMQ Handrails are in compliance with the applicable standard DIN 15920-11 (when used with GUIL® TM Platforms)

ART

ARRIOSTRAMIENTOS

Accesorio adicional para reforzar tarimas a gran altura, dotándolas de una gran resistencia y garantizando una perfecta estabilidad. Los arriostramientos, de perfil rectangular de acero con acabado en pintura gris antracita antirralladura, están disponibles en las siguientes medidas estándar:

- Para Tarima TM440 : > Ref. **ART-01/440**: Brazo para lateral de 1-m (1,90 kg)
- > Ref. **ART-02/440**: Brazo para lateral de 2-m (3,35 kg)
- Para tarima TM442 XL: > Ref. **ART-01/442**: Brazo para lateral de 1-m (2,30 kg)
- > Ref. **ART-02/442**: Brazo para lateral de 2-m (3,75 kg)

STRENGTHENING BRACES FOR PLATFORMS

Additional accessory to reinforce high stages. ART Braces guarantee perfect resistance and stability (fast and easy connection). ART strengthening braces, made with a rectangular steel bar finished in a textured, anti-scratch, anthracite grey powder coating, are available in two standard lengths:

- For TM440 Platform: > Ref. **ART-01/440**: Brace for 1m-lateral (1.90 kg)
- > Ref. **ART-02/440**: Brace for 2m-lateral (3.35 kg)
- For TM442 XL Platform: > Ref. **ART-01/442**: Brace for 1m-lateral (2.30 kg)
- > Ref. **ART-02/442**: Brace for 2m-lateral (3.75 kg)

APR

ADAPTADOR CON RUEDA PARA TARIMAS

Adaptador de acero provisto de rueda con freno para colocar 2 ó 4 patas de tarimas TM440. Este práctico adaptador permite unir dos o cuatro tarimas mediante sus patas, convirtiendo al conjunto de tarimas en un escenario móvil (perfecta opción para los baterías).

- > Ref. **APR-02/440**: Para tarimas TM440 (Peso: 2,27 kg)
- > Ref. **APR-04/440**: Para tarimas TM440 (Peso: 3,75 kg)

WHEEL ADAPTORS FOR PLATFORMS

Adaptors made in steel equipped with one castor with brake to insert 2 or 4 TM440 platform legs. These useful adaptors allow you to join together two or four platforms by their legs, converting the joined platforms into a mobile stage (perfect option to make a drum riser)

- > Ref. **APR-02/440**: For TM440 Platforms (Weight: 2.27 kg)
- > Ref. **APR-04/440**: For TM440 Platforms (Weight: 3.75 kg)
