Description:

Belt driven DJ turntable, silver

The belt-driven DJ turntable in silver by OMNITRONIC is delivered including pickup system and needle. You can set two speeds - adjustable with ± 10 %.

The large Start/Stop button, the adjustable anti-skating and the integrated lighting for exact speed adjustment make working with the turntable comfortable. The removable acrylic dust cover protects the BD-1320 turntable from dust and dirt.

The turntable is given the necessary stability by the shock-absorbing adjustable feet.
