Description:

The OMNITRONIC TX-series

Enormous performance at an excellent sound: this is one feature of the TX-series of OMNITRONIC's speaker series. The mounting of the subwoofer is very hard and convinces even under hard usage with a powerful bass. The bass reflex system supports the voluminous effect of this speaker series enormously. Suitable for stage use, song performance and discotheques.

Features:

- Rugged 3-way party speaker-system in a stable wooden housing
- Tweeter with coil-driver for powerful treble
- Large mid-range horn with coil-driver for balanced mids
- With passive 3-way crossover
- Powerful, dry bass via voluminous housing and bass-reflex tubes
- Very high durability
- With bar handles
- Scratch-resistant, black felt-covering
- Strong protective grille for perfect protection
- With stable protective steel corners
- With flange for speaker-stand installation etc.
- Compact speaker-system for car transport
- Ideal for mobile discotheques or for permanent installation in discotheques etc.
