

OMNITRONIC MIC SHC-2 Gooseneck Microphone

Electret gooseneck microphone

Art. No.: 13030926

GTIN: 4026397621440

RRP: 59,38 €

incl. 19% VAT.

Description:

The SHC-2 gooseneck microphone is specially designed for conferences, public speeches and lectures. It is equipped with a back-electret condenser capsule for bright and clear sound and guarantees excellent speech intelligibility even at greater distances. Delivery includes a switchable desktop base. The base uses a standard balanced XLR connector. Operation is possible via phantom power or 9 V battery.

Features:

- Conference microphone with condenser technology
- For conference systems, speaker desks or as PA microphone
- Optimum speech intelligibility even at greater distances
- Operation via external phantom power (48 V DC voltage) or internal 9 V battery (not included)
- Gooseneck bends at two positions
- Metal desktop base with on/off switch
- On/off/mute-switch: Yes

Technical specifications:

Type:	Condenser
Polar pattern:	Cardioid
Sensitivity:	-40 dB (± 3 dB)
Output impedance:	600 ohms
