NCH-1000 Stereo headphones

Stereo headphones with active noise canceling function

Art. No.: 14000305
GTIN: 4026397352641

Features:

- Closed, dynamic, ear-enclosing stereo headphones
- Switchable active noise canceling function for the best possible attenuation of ambient noise (>65 %) and an enhanced audio entertainment
- Perfectly suited for use on planes, trains and all mobile music sources such as MP3 players
- Operates as passive headphones when noise canceling circuit is not activated
- 35 mm driver for punchy bass range
- Comfortable fit due to soft ear pads
- Optimal wearer-comfort due to single cable connection (L)
- Space-saving design with collapsible ear-pieces
- Adjustable headband
- Volume can be adjusted directly on the headphones
- Power supply via 2 x 1.5 V batteries (type AAA)
- Supplied complete with 6.3 mm stereo jack adapter and 3.5 mm double mono jack adapter for in-flight entertainment and batteries
- Incl. high-quality transport case with zipper
