Features:

EUROLITE freeDMX AP Wi-Fi Interface

Wi-Fi DMX interface for apps & programs like Light Captain

- Wi-Fi DMX interface for wireless lighting control from your tablet or PC
- Receives the control signals via the network and transmits them to the DMX line via cable
- Works with iOS and Android devices
- The apps' online fixture library is continuously updated and already includes more than 300 Eurolite and Futurelight fixtures - easily add new ones via the fixture profile editor
- Configuration via integrated webserver
- Access point and infrastructure mode
- 1 DMX feed-through output
- Can transmit up to 512 DMX channels
