### Description:

Are you planning a motto- or Halloween party and still looking for a stylish decoration for the appropriate, eerie atmosphere?  
Our Halloween sets in different variations and sizes are the ideal basis for your chosen theme. Ghosts, witches, pirates and matching accessories will inspire your guests.  
You determine the creep factor yourself.  
Pumpkins, spiders and spider webs are a must for any Halloween decoration. The spider included in the Classic Set is not only impressive because of its size: It looks frighteningly real! It can be used lying down or hanging. Three eyelets attached to the body are used for suspension. The animation is started by an integrated microphone or a wired remote control. The entire spider starts to fidget as the rear pairs of legs move up and down, a scary sound can be heard and the LED eyes light up. A mummy cocoon with glowing LED eyes and a doll as a hanging figure complete the set.
