Description:

Flightcase for 483 mm devices (19")

Transport your control and effect units with a width of 483mm or 19" with the ROADINGER effect rack. The flight case is stable and of high quality, making it ideal for mobile use and the stage.

The 6 mm thick walls, the aluminium profile frame with rounded corners and the three-legged, medium-sized steel ball corners give the case its stability. The two lids of the case are removable (double door version).

The effect rack is also equipped with eight snap locks with eyelets for locking and two chrome-plated case folding handles. The four large, steel-reinforced rubber feet provide the necessary stability.

The maximum load is 25 kg.

Logistic

EAN / GTIN: 4026397326512

Weight: 13,50 kg

Length: 0.56 m
