

ROADINGER Amplifier rack SPDH-10,10U,anti-shock

PRO flightcase for 483 mm devices (19"), spring-loaded

Art. No.: 30109763

GTIN: 4026397257656

The article is no longer in our assortment.

Description:

Although it might seem so, this rack is not just another antishock rack. A closer look at two intelligent features will prove this. Firstly, the door can easily be placed in the rack via an installed bar. Thus the door will not cause anymore trouble as it is securely stored. Secondly there is a new lock system. You just have to press a little stick and the door is locked. To open it again, simply push a tiny button that is attached to the stick. Fast and furious.

Features:

- Spring-loaded rack (compensates hard hits)
- Profile rails with 10 U mounting facility for 483 mm units (19"), e.g. PA amplifiers, power packs, additional equipment
- Front door fully retractable into the case
- Rear service door
- High-quality workmanship with 9 mm plywood multilayered glued, black laminated
- Aluminum profile frames (30 mm) with rounded edges
- Three-leg, medium-sized steel ball corners
- 1 high-quality butterfly lock (lockable)
- 2 hinged, chrome case handles
- Delivery includes mounting screws
- Incl. wheel board (17 mm) with 4 castors, 2 of which have brakes
- Available in different height units (1 U = 44 mm)
