Description:

PRO flightcase with castors and 1 divider

The ROADINGER Universal-Tour-Case with wheels is very well suited to transport your equipment safely and comfortably. With the divider panel it is possible to customize the interior.

The top and interior of the PRO flight case are covered with grey felt and highlight the high-quality finish of the multi-layer glued wood. The aluminium profile frame and the three-legged, large steel ball corners ensure the necessary stability.

Simply lock the case using the two large butterfly locks to keep your equipment safe. The case is ideal for transporting your equipment thanks to its four swivel castors, two of them equipped with a locking brake. Further dividers and insert boxes are available as accessories.

The maximum load is 60 kg.
