**SOMMER CABLE Microphone Cable AES/EBU 2x0.14 100m bk SC-Micro-Stage** **Art. No.: 3030744E**  
Microphone cable SC-MICRO-STAGE **GTIN: 4026397581898**

---

**List price: 153.51 €**

incl. 19% VAT.

---

**Description:**

The shrinking violet among the microphone cables is the new AES/EBU-capable SC-MICRO-STAGE.

Though it may look somewhat inconspicuous at first sight, it splendidly meets the most essential requirements of contemporary live and studio technology.

It has a cold-flexible, soft PVC jacket, a low capacitance and is very easy to handle.

The compact cable diameter of 5,80 mm is ideal for using stereo jack connectors and XLR connectors with a small cable passage like they are still very popular e.g. overseas or on the US market.

When used as a patch or MIDI cable, it will occupy only very little space in your patchbay or in the home studio.

Due to its tight, concentric litz stranding and the foamed Skin PE wire insulation, the SC-MICRO-STAGE can easily transmit analogue and digital signals 110 ohms over distances greater than 100 metres.

---

**Features:**

- High transmission quality due to the use of fine stranding
- Very rugged owing to the thick, soft PVC jacket
- Outstanding shielding due to dense shielding
- High flexibility makes it easy to reel
- SOMMER CABLE
- Made in Europe
- For application areas such as: Homerecording and studios; stage
