LED IP Atmo Blinder 9

Weather-proof blinder with pixel control and atmo cluster

Art. No.: 41606430

GTIN: 4026397714487

Features:

- Each of the 9 COB blinder LEDs is surrounded by 2 RGB segments for atmospheric light
- One RGB LED segment is directed towards the front, one towards the reflector
- 360 LEDs 0.2 W SMD 3528 3in1 TCL RGB (homogenous color mix)
18 segments controlled separately
- 9 LEDs 24 W COB (chip-on-board) CW/WW (homogenous color mix)
LEDs controlled separately
- Color blend stepless; color change adjustable; color fade adjustable; Dimmer electronic; dimmer curves with adjustable response; white balance adjustable
- Atmospheric effect
- 15 integrated show programs
- The device is cooled by low-noise cooling fan
- Control via stand-alone; DMX; Art-Net; RDM; master/slave function
- Fixtures available for Light Captain
- Flicker-free
- With a beam angle of 20°
- Variable color temperature 1800 K - 6000 K
