

EUROLITE Audience Blinder 8xPAR-36 bk

High-quality stage version

Art. No.: 42103438

GTIN: 4026397098259

Description:

AUDIENCE BLINDER

The slightly different "lighting effect".

Well-known from big open-air concerts and equipped with 4 or 8 Par 36 spots, this light effect is designed for stage use and also for discotheques.

The rugged casing is fitted with 4 or 8 lamps (according to the model), which are switched on simultaneously and blind the audience so strong that the surroundings cannot be figured out any more for a short time.

High quality at a low price makes this special light effect interesting for smaller discotheques and mobile discotheques, too.

The audience blinder is designed for floor-installation and also for ceiling-mounting and is equipped with two stable clamping screws.

Furthermore, the two spot lines can be turned in different directions and thus enable a wide spreading.

Features:

- For 8 PAR 36-lamps
- Each lamp is individually connected to an internal lustre terminal, so that any lamps of your choice can easily be wired
- Extreme and lightning-fast light displays
- With horizontally adjustable lamp rows for even more possibilities

Technical specifications:

Power supply: 230 V AC, 50 Hz
