

EUROLITE Half Mirror Ball 20cm motorized

Mirror half ball with motor

Art. No.: 50101950

GTIN: 4026397367737

Description:

The classic light effect of the 70s and 80s

No party without a disco ball! Its simple design and affordable price make the disco ball a popular decoration classic used to create fascinating plays of light on the dance floor. For locations with limited space, this half mirror ball is a good alternative to the classic disco ball which is even easier to handle and fasten.

This model in professional quality has a diameter of 20 cm, is covered with countless small mirrors and is delivered with power cord and safety plug. The integrated motor rotates the ball evenly and slowly at 2.5 rotations per minute and is particularly economical with a consumption of only 3.5 watts.

This makes the ball ideal for decorations in clubs, bars, dance schools, shop windows and party rooms of any kind!

Features:

- Exact alignment
- Genuine glass mirror facets
- Powerful motor already installed
- Control via plug and play
- With mounting bracket
- Various versions available
