Description:

The classic light effect of the 70s and 80s

No party without a disco ball! Its simple design and affordable price make the disco ball a popular decoration classic used to create fascinating plays of light on the dance floor. For locations with limited space, this half mirror ball is a good alternative to the classic disco ball which is even easier to handle and fasten.

This model in professional quality has a diameter of 50 cm, is covered with countless small mirrors and is delivered with power cord and safety plug. The integrated motor rotates the ball evenly and slowly at 1 rotation per minute and is particularly economical with a consumption of only 3.5 watts.

This makes the ball ideal for decorations in clubs, bars, dance schools, shop windows and party rooms of any kind!
