## LED Strip 4in1 Zone RF Controller

4-channel wireless LED controller with remote control for RGB/W and dual white

**Art. No.: 50531140**  
GTIN: 4026397659825

### Features:

---

- User-friendly LED controller with 4 zones (4 x 6A) and remote control
- Controls single- and multi-colored (CW+WW, RGB, RGBW) LED strips (12-24 V) as desired
- Innovative wireless technology allows multiple controllers to be controlled synchronously and asynchronously with just one remote control
- Synchronous color sequences even over several hours with multiple controllers and different LED types
- Excellent signal transmission with 2.4 GHz - no perceptible difference to a wired system
- All controllers communicate with each other and cover a large range
- No visible contact between remote control and controller required
- Any number of controllers possible in 4 zones
- Color selection via touch-sensitive color wheel
- Memory function saves last setting when switching off
- Program speed adjustable; Dimmer electronic
