### Description:

High-performance snow machine

The Antari S600 Yeti is a snow machine that combines a high output with a powerful blower. It produces a powerful snow effect that reaches a distance of approx. 18 meters. All conventional control options are possible, making it a highly functional machine for any application from theater to film to outdoor arena.

Remote control options are DMX and wireless. The Antari W2 wireless remote is included. In addition, the optionally available Antari SC-4 cable remote and WTR-90 wireless DMX kit for W-DMX control can be used. The S600 is not only remotely controllable but also manual and has a built-in timer module.

A fluid hose with filter is included. A 5-liter fluid can holder is optional that allows you to hang it in a secure and elevated position.

### Features:

- Control via Wireless remote control; DMX; Timer; W-DMX by wireless solution (optional); wired remote control (optional)
- Output distance: Approx. 18 m
- For application areas such as: Wedding/gala/events; Rental
- Application possibility: Standing
