

LASERWORLD EL-150B

Show laser class 3 with 150 mW power in blue

Art. No.: 51743212

GTIN: 7640144990978

The article is no longer in our assortment.

Description:

The Laserworld EL-150B is a blue single color laser system with a total output power of up to 150 mW.

The blue laser diode module with a wavelength of 450 nm ensures bright blue beams. At the same time the projector has good beam specifications with a beam diameter of about 3 mm and beam divergence of about 1.5 mrad and it offers high-speed stepper motors with 2-5 kpps as well as a scan angle of up to 30°. Approximately 50 preset basic patterns, like layers, tunnels, fences, waves etc. are available in the sound-to-light mode. For this mode the sensitivity of the integrated adjustable microphone can be altered.

There is an on-off switch at the rear side of this very compact device.

The Laserworld EL-150B is a very affordable solution for first-time users and it is often used in bars, small clubs, at private parties or home use.

Logistic

EAN / GTIN: 7640144990978

Weight: 2,00 kg

Length: 0.27 m

Width: 0.23 m

Height: 0.14 m

Features:

- Control via stand-alone; sound to light via microphone

Package contents

- 1 x laser, 1 x user manual, 1 x power cord, 1 x key, 1 x Interlock

Technical specifications:

Power supply: 100-240 V AC, 50/60 Hz

Power consumption: 30 W

IP classification:	IP20
Power connection:	Mains input via IEC connector (M) mounting version
Laser class:	3B
Laser color:	Blue (B)
Laser module:	Blue (B) 120 mW 450nm
Control:	Stand-alone; sound to light via microphone
Housing color:	Black
Dimensions:	Width: 14,5 cm Depth: 20,5 cm Height: 7,5 cm
Weight:	1,4 kg
