

EUROLITE LED PD-2 Flower effect

Compact LED flower effect with mirror

Art. No.: 51807823

GTIN: 4026397282559

The article is no longer in our assortment.

Description:

LED's party

Do you remember the first cellphones? They usually were big and had only a limited range of functions. Today the phones are compact and offer a broad range of functions at the same time. The lighting effects went through a similar development. Partly the size decreased but the range of functions didn't. This has increased steadily and doesn't need more space necessarily. With the new EUROLITE LED PD-2 EUROLITE presents you a mirror effect combining various functions in one compact device: LED technology, sound control, choice of DMX control or stand-alone operation - all these features for a favorable price. As various as the range of functions is the range of application. The mirror effect is suited for the use in discotheques, in your own party-room, at fashion parades, as well as for an impressive lighting in show windows.

One more advantage is the easy operation so that everybody can benefit of the new EUROLITE LED PD-2 mirror effect.

Logistic

EAN / GTIN: 4026397282559

Weight: 2,90 kg

Length: 0.49 m

Width: 0.24 m

Height: 0.23 m

Features:

- DMX-controlled operation or stand-alone operation
- Equipped with 57 LEDs: 20 x red, 17 x green and 20 x blue
- Brilliant colors
- Extremely low power consumption
- Easy operation
- Colors and strobe effect can be called up via DMX controller or DIP switches
- Mirror sound-controlled via built-in microphone
