Description:

Let's go outside! You want to use moving-heads outdoors and keep them safe from any weather influences? Then we recommend the ODD. This outdoor dome has a base of metal where a moving head, for example, is placed. Now a self-inflatable protection dome is put over the lighting effect. It is an invisible, because transparent, splash-proofed construction for the perfect outdoor-light delight. By the way, the ODD can also be mounted headfirst. Thanks to also delivered air hoses, the fans will not get flooded with water.
