# **Description:**

Let's go outside! You want to use moving-heads outdoors and keep them save from any wheather influences? Then we recommend the ODD. This outdoor dome has a base of metal where a moving head, for example, is placed. Now a self-inflatable protection dome is put over the lighting effect. It is an invisible, because transparent, splash-proofed construction for the perfect outdoor-light delight. By the way, the ODD can also be mounted headfirst. Thanks to also delivered air hoses, the fans will not get flooded with water.

#### Features:

- Weather-proof housing for Moving-Heads, scanners, lighting effects etc.
- The device which is to be protected is easily placed in the ODD or installed via the mounting bracket
- Use either standing on the feet or installed in the truss via Omega-Clamps
- Overhead installation via mounting bracket and air tubes
- Self-inflatable protection dome
- Invisible because transparent
- Splash-proof construction for outdoor use
- With integrated pressure sensor for automatic cutoff in case of dome deflation
