

## FUTURELIGHT DJ-LED Head Wash TCL

LED moving head washlight with multichip LEDs

Art. No.: 51839525

GTIN: 4026397341454

**The article is no longer in our assortment.**

### Description:

Three at one blow!

Even if conventional illuminants are slowly but surely giving way to LEDs, in the Moving-Head arena they are still something of a rarity. For the FUTURELIGHT DJ-LED Head Wash TCL the ordinary LED technology is old hat, because it paves the way for a new innovation: Tri-Color LEDs. Most devices are not able to realize a real uniform color mixture at short ranges. Due to their multi-chip technology - here the LEDs close ranks - a homogeneous color mixture, even on short distances, is guaranteed. The colors are concentrated and therefore saturated. At the same time with the Tri-Color LEDs you can mix a pure white which isn't possible in this way with conventional RGB LEDs. And now imagine these saturated colors with the washing effect - A result that definitely stands out from the mass of other washlights and moving heads.

### Features:

- TCLs (Tri-Color LEDs), behind every lens are 3 LEDs
- Through the close chip placement of the multichip technology, an exquisite color mix even with short distances to the illuminated surface is provided
- Equipped with 24 x 1.5 W multichip RGB LEDs
- Stepless RGB color mixture
- Long LED life
- Strobe effect with adjustable speed
- Fuzzy sound control: program continues automatically during periods without music or bass-beat
- DMX-controlled operation or stand-alone operation with Master/Slave function (up to 4 slaves)
- Sound-controlled via built-in microphone
- Positioning within 530° Pan and 280° Tilt
- Control board with 4-digit display

### Logistic

EAN / GTIN: 4026397341454

Weight: 8,15 kg

Length: 0.35 m

Width: 0.32 m

Height: 0.40 m

- Advantages of LED technology: long life, low power consumption, minimal heat emission, defacto maintenance free with brilliant light radiation
- DMX control via every standard DMX controller

## Technical specifications:

Power supply:	230 V AC, 50 Hz
Power consumption:	120,00 W
Dimensions:	Width: 32 cm Depth: 28 cm Height: 34,5 cm
DMX channels:	8
DMX connection:	3-pin XLR
Sound-control:	via built-in microphone
Flash-rate:	18 Hz
LED number:	24
Dimensions (L x W x H):	280 x 320 x 345 mm
Weight:	7.2 kg
Legal specifications	
Special product:	Not designed for household room illumination
Intended use:	Show effect lighting
