

FUTURELIGHT LB-12 TCL LED bar

Versatile LED color changer with 3 W multichip LEDs

Art. No.: 51841352

GTIN: 4026397318227

The article is no longer in our assortment.

Description:

Technology that inspires!

Think of a garden with a bed of roses. One more beautiful than the other. Yet, there is one exemplar that shines out of this collection. This is similar to our LB-12 TCL LED Bar, as it stands out of a large number of LED floodlights. It is non-exaggerated to refer to it as unique. After all, most devices are not able to realize a real uniform color mixture at short ranges. This however, doesn't apply for our bar. Due to their multi-chip technology - here the LEDs close ranks - a homogeneous color mixture, even on short distances, is guaranteed. And the brightness and the color's quality are thereby actually more than convincing. In short, this color changer is simply something special.

Features:

- TCLs (Tri-Color LEDs), behind every lens are 3 LEDs
- Through the close chip placement of the multichip technology, an exquisite color mix even with short distances to the illuminated surface is provided
- Long LED life
- Equipped with 12 x 3 W RGB LEDs
- 6, 12 or 15 DMX channels selectable for numerous applications
- Each LED can be controlled individually
- Switch-mode power supply
- Automatic power supply adaption between 100 and 240 Volts without power selector
- Stepless RGB color changing
- Programmable color change speed and strobe effect
- DMX-controlled operation or stand-alone operation with Master/Slave function
- Addressing via control panel with 4-digit LED display
- Strobe effect with 1-18 flashes per second

Logistic

EAN / GTIN: 4026397318227

Weight: 5,60 kg

Length: 0.47 m

Width: 0.28 m

Height: 0.19 m

- Programmed chaser
- 8 built-in programs can be called up via DMX controller
- Sound-controlled via built-in microphone
- Rainbow effect with adjustable speed
- Advantages of LED technology: long life, low power consumption, minimal heat emission, defacto maintenance free with brilliant light radiation
- DMX control via every standard DMX controller
- Feed-through output allows to power another device

Technical specifications:

Power supply:	100-240 V AC, 50/60 Hz
Power consumption:	90,00 W
DMX channels:	15
Dimensions:	Length: 19 cm Depth: 42 cm Height: 19,5 cm
DMX channels:	6/12/15
DMX connection:	3-pin XLR
Flash-rate:	18 Hz
LED number:	12
Beam angle:	40°
Dimensions (L x W x H):	190 x 420 x 195 mm
Weight:	4.2 kg
Legal specifications	
Special product:	Not designed for household room illumination
Intended use:	Show effect lighting
