

## EUROLITE LED FLD-432 RGB 10mm Flood

High performance LED RGB floodlight

Art. No.: 51913851

GTIN: 4026397297317

**The article is no longer in our assortment.**

### Description:

Bright as lightning!

All lights are not created equal, just as all lights are not created equal as well. The former is distinguished between vintage, finish or bouquet. Concerning light, characteristics like color, warmth and brightness are to the fore. Seeing the performance of our EUROLITE Flood Light and its 432 LEDs, you will understand, that lights can be differentiated from one another quite clearly. Our flood light for example, can surpass its competitors in the field of brightness and enlightens a DJ's backplane on stage with great colors. This device provides the facility either to enlighten all of its eight segments separately and in different colors or to let them shine in the same color at the same time. Furthermore, this product can easily replace a conventional spot light like a PAR 56 and by doing so, saves energy due to its low power consumption. Ain't that bad.

### Features:

- Equipped with 432 x 10 mm LED (red: 18 x 8, green: 18 x 8, blue: 18 x 8)
- Manual, sound or DMX-controlled operation
- Functions: static colors; automatic color change, 14 built-in programs and strobe effect with variable speed; Master/Slave
- On-board control board with 2 x 8 character LC-display
- DMX512 control possible via any commercial DMX controller
- Advantages of high-power LED technology: extreme light output, long life, low power consumption, defacto maintenance free
- Locking possibility at the mounting bracket
- Ready for connection with power cord and safety power plug
- Can be operated in 26 CH mode
- Controlling by Sound to light via Microphone

### Logistic

EAN / GTIN: 4026397297317

Weight: 5,30 kg

Length: 0.62 m

Width: 0.26 m

Height: 0.19 m

## Technical specifications:

Power supply:	230 V AC, 50 Hz
Power consumption:	60 W
IP classification:	IP20
DMX channels:	26
Control:	Sound to light via Microphone
Beam angle (1/2 peak):	30°
Dimensions:	Width: 54 cm Depth: 19 cm Height: 13,4 cm
Weight:	4,75 kg
Light output intensity:	R 30000 mcd G 30000 mcd B 20000 mcd
Beam angle:	20°
DMX channels:	Max. 26
LED number:	432 (10 mm)
Dimensions (L x W x H):	540 x 190 x 134 mm
Legal specifications	
Special product:	Not designed for household room illumination
Intended use:	Show effect lighting
