

EUROLITE LED IP FL-24 blue 40°

Brilliant floodlight with LED technology

Art. No.: 51914365

GTIN: 4026397244632

The article is no longer in our assortment.

Description:

No matter if it is about houses, billboards, stages or any other outdoor spot. The FL-24-series illuminates everything brilliantly. A perfect partner for outdoor lighting, that is how the powerful LED floodlights can be called. The spots are monochrome, either red, green, blue, yellow, white or RGB and they are available in 10° or in 40° versions of the beam reflection angle. Depending on the direction, the spots produce either impressive light pillars or extensive beams.

Features:

- Add highlights to your house and garden
- High Power LEDs
- Ideal LED luminaire for indoor or outdoor use
- For permanent installation, mounting bracket included
- Extremely compact housing in an appealing design
- Ready for connection with power cord and safety-plug
- Available in 2 sizes, 4 colors, 2 color temperatures (white), and RGB
- Available in 10° or in 40° versions of the beam reflection angle
- Advantages of high-power LED technology: extreme light output, long life, low power consumption, defacto maintenance free

Technical specifications:

Power supply: 230 V AC, 50 Hz

Power consumption: 40 W
