

EUROLITE LED ML-20 white 6000K 25° black

LED Spot, 3 x 1 W LED with compact Multi Lens spot housing

Art. No.: 51914800

GTIN: 4026397267457

The article is no longer in our assortment.

Description:

Chief cook and bottle washer!

You need a spot that can be used for indirect lighting in bars or shops, or a spot that stands its ground at public places, in main halls or on stages? Then we may introduce our ML-20. It can convince with its remarkable luminosity and its three 1 Watt LEDs, that give enormous flexibility to this compact device. Another fact that will underline its attractiveness: due to the LED technology, the power consumption as well as the heat emission are, among other benefits, very low. The spot can be delivered in three different housing colors with five different LED-colors. This is nothing to sneeze at!

Features:

- High-power LEDs (1 Watt)
- Illumination angle approximately 25°
- Locking possibility at the mounting bracket
- For illuminating e.g. mirror balls, entrance or counter areas or as basic illumination
- Effect lighting in public places, main halls, stages, lounges and exhibitions
- Advantages of high-power LED technology: extreme light output, long life, low power consumption, defacto maintenance free
- Ready for connection with 1m power cord and safety-plug
- Available in 3 colors and 2 color temperatures (white)
- Available in silver, black, or white housing
