

EUROLITE LED SLS-183 RGB 10mm Slim

Slimline LED spot with 183 x 10 mm LED

Art. No.: 51915300

GTIN: 4026397376968

The article is no longer in our assortment.

Description:

A flat revolution!

Imagine the old CRT-TVs. And now compare them with the new Flat-TVs. They have the same or a better performance in an ultra-flat device. The same story happens now to the classic PAR-64 spot, because there is a keen competitor: the EUROLITE LED SLS-18/10 RGB spot. The new one offers the same number of LEDs but is 66 % flatter. Therefore the spot is much more space-saving than its PAR competitor. The compact spot is easy to assemble and versatile. So if you now ask yourself "what's the downside of it" you will soon realize: There is no downside. To take up again the comparison with the TV: Certainly the Flat-TV can receive the same channels than the old CRT-TV. Also the new EUROLITE LED SLS-18/10 RGB has all the features of the LED PAR-64. But all the advantages are packed in a flatter and more compact device.

Logistic

EAN / GTIN: 4026397376968

Weight: 2,50 kg

Length: 0.34 m

Width: 0.30 m

Height: 0.14 m

Features:

- Flat housing form requires minimal space when rigging
- DMX512 control via regular DMX controller (occupies 5 channels)
