

EUROLITE LED Z-500 RGBW DMX

Classical LED beam effect in RGB and white

Art. No.: 51918513

GTIN: 4026397337334

The article is no longer in our assortment.

Description:

Disco fever with LEDs!

Something that has been good in the past doesn't have to be bad for today. A principle also true for the EUROLITE LED Z-500. Numerous beams from several lenses perform circles on walls and the floor and change the direction of movement with every bass beat. In days gone by, such beam effects were very popular. And they still are these days. But as technology has improved, devices like the Z-500 have been revived as well. The most important innovation: the LED technology. The effect is equipped with 160 LEDs (40 red, 36 green, 42 blue, 42 white) with 5mm of diameter. And compared to conventional illuminants, they shine much brighter and more intense of course. Therefore our effect, with its quick movements and its sharp projections, gets enormously upgraded. Really a beautiful performance which emerges from combining old ideas with new ones.

Features:

- Beams from the 8 lenses perform circular movements and change the direction of movement with every bass beat
- DMX512 control via regular DMX controller (occupies 7 channels)
- Sound controlled via built-in microphone
- Microphone sensitivity adjustable via rotary control
- Strobe effect
- Auto mode
- 9 internal programs
- Master/Slave function
- Rugged compact housing in a beautiful design
- Particularly bright illuminating power of the 5 mm LEDs (RGB + white)
- Advantages of LED technology: long life of the LEDs, low power consumption, minimal heat emission, defacto maintenance free with brilliant light radiation

Logistic

EAN / GTIN: 4026397337334

Weight: 5,70 kg

Length: 0.47 m

Width: 0.36 m

Height: 0.39 m

- Ready for connection with power cord and safety plug

Technical specifications:

Power supply:	230 V AC, 50 Hz
Power consumption:	35,00 W
DMX channels:	4
Dimensions:	Width: 42 cm Depth: 30,5 cm Height: 45 cm
DMX channels:	4
DMX connection:	3-pin XLR
Sound-control:	via built-in microphone
LED type:	5 mm
LED number:	160 (R:40, G:36, B:42, W:42)
Beam angle:	60°
Dimensions (L x W x H):	420 x 310 x 300 mm
Weight:	5 kg
Legal specifications	
Special product:	Not designed for household room illumination
Intended use:	Show effect lighting
