

EUROLITE LED Z-600 Beam effect

RGBW beam effect

Art. No.: 51918514

GTIN: 4026397341447

The article is no longer in our assortment.

Description:

New technology with retro look!

In the course of the retro wave, many different cultural memorabilia of former decades are fetched out of the woodwork and relaunched. The look mostly stays exactly the same, but the interior, especially concerning technical devices, has been modernized. This is just the way our Z-600 has taken. As the exterior is quite old-fashioned you would not assume the interior to consist of LED technology from the best grade. But the classic beam effect is produced by 156 (red: 48, green: 36, blue: 36, white: 36) diodes indeed. The beams find their way through six lenses and do produce the most different circular movements. Thanks to the 9 integrated programs a diversified performance is always guaranteed. And with the strobe effect and the sound control this attractive offer is perfected. By the way, one of the characteristics of the 5mm LEDs is their particularly bright illuminating power, which, in combination with the ambitious movements, is responsible for an impressive light experience. This spot will win you over, that is for sure.

Features:

- Beams from the 6 lenses perform circular movements and change the direction of movement with every bass beat
- DMX512 control via regular DMX controller (occupies 7 channels)
- Sound controlled via built-in microphone
- Microphone sensitivity adjustable via rotary control
- Strobe effect
- Auto mode
- 9 internal programs
- Master/Slave function
- Rugged compact housing in a beautiful design
- Particularly bright illuminating power of the 5mm RGB + white LEDs

Logistic

EAN / GTIN: 4026397341447

Weight: 5,45 kg

Length: 0.47 m

Width: 0.35 m

Height: 0.39 m

- Advantages of LED technology: long life of the LEDs, low power consumption, minimal heat emission, defacto maintenance free with brilliant light radiation
- Ready for connection with power cord and safety plug

Technical specifications:

Power supply:	230 V AC, 50 Hz
Power consumption:	30,00 W
DMX channels:	4
Dimensions:	Width: 43 cm Depth: 30,5 cm Height: 45 cm
Weight:	4,60 kg
DMX channels:	4
DMX connection:	3-pin XLR
Sound-control:	via built-in microphone
LED type:	5mm
LED number:	156 (48 x red, 36 x green, 36 x blue, 36 x white)
Beam angle:	60°
Dimensions (L x W x H):	430 x 305 x 450 mm
Legal specifications	
Special product:	Not designed for household room illumination
Intended use:	Show effect lighting
