

EUROLITE LED FX-300 Flower effect

RGB LED flower effect

Art. No.: 51918655

GTIN: 4026397400762

The article is no longer in our assortment.

Description:

The lighthouse of the flower effects!

A perfect symbiosis of the latest LED- and pretty old lense-technology turns this flower into an unique one. Because with its Fresnel lens, originally used in lighthouses, inimitable effects can be produced. The construction operates like a big lens with a short focal distance, but, at the same time, weighs less and is considerably smaller. The flower is equipped with 469 LEDs (5mm). On the floor, the beams form singular or up to seven circles in most varied colors. The seven LED-groups are switched without any noise and can create the effects at different speeds. A DIP switch easily enables to adjust the velocity. Moreover, there is the option to have the flower either singularly sound controlled, synchronic to more devices or targeted to be controlled via DMX. So the LED FX-300 RGB DMX is not only suited for the hectic stage or club atmosphere. It can as well be installed in relaxed environments of hotels or department stores.

Features:

- Light output via fresnel lens
- Equipped with 469 LEDs (5 mm), red 280, green 63, blue 126
- 7 LED-groups are switched without any noise and create the effects
- Functions: Static colors, automatic color change with adjustable speed, RGB color blend, 1 internal program
- Mode selection via DIP switches
- DMX controlled operation or stand-alone operation
- Sound control via built-in microphone
- Microphone sensitivity adjustable via rotary control
- Master/Slave function for internal program
- DMX512 control via every standard DMX controller
- Ready for connection with power cord and safety plug
- Rugged housing with mounting bracket

Logistic

EAN / GTIN: 4026397400762

Weight: 6,20 kg

Length: 0.40 m

Width: 0.40 m

Height: 0.41 m

- Perfect on stages, in discotheques, theaters even shops and hotels

Technical specifications:

Power supply:	230 V AC, 50 Hz
Power consumption:	60,00 W
Dimensions:	Width: 33 cm Depth: 34 cm Height: 37,5 cm
Weight:	5,30 kg
DMX channels:	9
DMX connection:	3-pin XLR
LED type:	5 mm
LED number:	469
Beam angle:	65°
Dimensions (L x W x H):	330 x 340 x 375 mm
