eurolite®

Girder clamp 5000 kg black

Beam clamp

Art. No.: 58011092

GTIN: 4026397400274

Features:

- Suitable as temporary installation point for steel beams (L-beams, I-beams)
- Quick and tool free installation of rigging points for spots, projectors, speaker-systems, screens, truss elements, motors, guide pulleys, chain hoists and decoration material
- Large flange range
- High carrying capacity
- Flexible use due to wide adjustment range
- Inexpensive attachment without drilling or welding
- Regularly tested by an independent and accredited testing institute
- Safety instruction: Beam clamps are not suitable for lifting or transporting I-beams!
