ALUTRUSS TRISYSTEM PST-1000 3-way cross beam

High-quality truss system

Art. No.: 6020440B

GTIN: 4026397075946

The article is no longer in our assortment.

Description:

TRISYSTEM PST 3-point truss system TRISYSTEM PST is a 3-point truss system made of aluminum. The individual elements are connected via three tube fasteners and two M10 bolts and nuts.

The three main chords are made of 50 mm aluminum tube with 2 mm wall thickness and offer a good relation between strength and weight. The braces have a diameter of 16 mm with 2 mm wall thickness and leave enough space for installing couplers, hooks and clamps.

With 263 and 238 mm outer dimensions, TRISYSTEM PST is a relatively compact truss system for higher loads. TRISYSTEM PST is mainly designed for permanent installations in shops, discotheques and theatres.

By using the optional rapid snap connectors, this system can also be used for fair installations and event installations.

Altogether a universal truss system impressing with its wide range of standard system lengths, corners and accessory.

Features:

- Extreme stability
- Easy installation
- Low weight
- For exhibition and shop installers, discotheque and theatre installations
- 1 x Connection set included
- Trusspipe: 50 mm Package contents

EAN / GTIN: 4026397075946 Weight: 5,07 kg Length: 1.00 m Width: 0.31 m Heigth: 0.27 m

Technical specifications:

Trusspipe:	50 mm x 2 mm	
Color:	Alu colored	
Strut diameter x thickness:	16 x 2mm	
Dimensions:	Length: 100 cm Width: 26,30 cm Depth: 26,30 cm	
Weight:	3,93 kg	
Connectors:	200 x 3 mm	
Welding material:	AIMg 5	
Welding technique:	TIG-welding
