

ALUTRUS TRISYSTEM PAC-19 corner 2-way 45°

High-quality truss system

Art. No.: 6020490B

GTIN: 4026397083439

The article is no longer in our assortment.

Description:

TRISYSTEM 3-point truss system

TRISYSTEM is a 3-point truss system made of aluminum. The individual elements are connected via three tube fasteners and two M10 bolts and nuts.

The three main chords are made of 50 mm aluminum tube with 2 mm wall thickness and offer a good relation between strength and weight. The braces have a diameter of 16 mm with 2 mm wall thickness and leave enough space for installing couplers, hooks and clamps.

With 263 and 238 mm outer dimensions, TRISYSTEM is a relatively compact truss system for higher loads. TRISYSTEM is mainly designed for permanent installations in shops, discotheques and theatres.

By using the optional rapid snap connectors, this system can also be used for fair installations and event installations.

Altogether a universal truss system impressing with its wide range of standard system lengths, corners and accessory.

Features:

- Extreme stability
- Easy installation
- Low weight
- For exhibition and shop installers, discotheque and theatre installations
- 1 x Connection set included
- Trusspipe: 50 mm

Logistic

EAN / GTIN: 4026397083439

Weight: 5,00 kg

Length: 0.84 m

Width: 0.63 m

Height: 0.24 m

- Made in Europe
- Package contents**
- 1 x connection set

Technical specifications:

Trusspipe:	50 mm x 2 mm
Welding technique:	TIG-welding
Welding material:	AlMg 5
Alloy:	AlMgSi 0.5
Color:	Alu colored
Strut diameter x thickness:	16 x 2mm
Weight:	3,61 kg
