

EUROLITE LED flashlight 3W

Rugged aluminum lamp with high-power LED

Art. No.: 80701520

GTIN: 4026397196948

The article is no longer in our assortment.

Features:

- LED is not LED: this lamp is equipped with one 3 W LED, providing approx. 70 lumens
- High efficiency due to 1:1 relation between energy and light output
- Visible from up to 1000 meters
- Effective working-range is around 15 meters with continuous illumination
- Very clear, blue-white light
- Lamp life of 100.000 hours
- 10 years maintenance free
- Scratch-resistant lens
- Housing made of impact resistant, precision-milled aluminum housing
- O-ring sealed against moisture and dust
- Color: black
- Power supply via 2 included mignon batteries (type AA)
- This 17 cm torchlight can easily be worn at the belt - same light output as much more heavier lamps with 4 x mono cells
- With pragmatic lanyard and additional holster
- For extreme ambient conditions between -40° C and +45° C
- For professional use e.g. paramedics, fire-fighters, security companies etc.
- Caution extreme light output: never direct to people or animals!
