

## EUROLITE Motor Projection Sc.IR 16:9,240x135cm

Screen with motor and remote control

Art. No.: 80901185

GTIN: 4026397478549

**The article is no longer in our assortment.**

### Description:

Motor screen with IR remote control

Eurolite motorized screens offer you fast installation and high ease of use in a stylish design. High-quality screen material ensures optimum image quality. The screens are perfectly suitable for conference rooms, party rooms or your own living room.

Very good image quality

This screen is ideal for wall or ceiling mounting. The dense cloth material guarantees an even illumination of the picture and ensures vivid colors. Thanks to its black back side, the screen is completely opaque and thus offers an ideal projection surface. A weight bar prevents undulation or movement of the screen. The geared motor is low-noise and has a stepless height adjustment with automatic stop.

Sturdy workmanship, easy operation

The housing is made of white sheet steel and gives the screen a modern look. Operation is very convenient via a permanently mounted switch or the included infrared remote control. The motorized screen is delivered ready for connection with a mains plug.

### Features:

- Motorized Wall Screen for XXL entertainment
- Projection screen in 16:9 aspect ratio
- Gain-factor of 1.0 for universal use
- Screen type D (diffuse) for even light reflection
- Matt, white canvas for genuine projections

### Logistic

EAN / GTIN: 4026397478549

Weight: 13,20 kg

Length: 3.10 m

Width: 0.15 m

Height: 0.15 m
