Ornamental grass tuft

Art. No.: 82600147

GTIN: 4026397538083

List price: 41.53 €

incl. 19% VAT.

Description:

Not only in garden design we find ornamental grasses as important design elements. Their bushy growth habit and shapely flowers can also be used to create targeted floral accents in your interiors. In doing so, the perennial ornamental grass comes into its own best when you can see its distinctive growth form as a whole.

The artificial feather bristle grass from Europalms has a nice, tight and upright growth. Stems of varying heights with fluffy flower spikes protrude from its dense head of leaves, making it almost indistinguishable from its natural counterparts.

The artificial plant is delivered already potted in a decorative metal pot in shabby look and can therefore be used immediately. In no time at all, you can create a cozy, familiar atmosphere.

Features:

- Dense foliage
- On delivery the item is ready for use
- With greencolored lifelike leaves
- approx. 12 naturecolored beautifully flowers

Technical specifications:

Delivery: Ready for use

Standing/fixation: Design planter
