Description:

With the artificial allium grass from Europalms, you can bring a piece of summer into your home or business premises. It is versatile and with a few simple steps you can set targeted floral accents.

The perennial has a total height of about 120 cm and consists of 3 umbels of different heights with star-shaped flowers in white. These are surrounded by lushly arranged, strap-shaped foliage leaves made of PE, which already fall into shape by themselves when placed.

As a cover of the included basic garden pot serve incorporated pebbles and artificial moss.

Thus, it can serve as a stand for a planter, as well as be used as a decorative pot.
