Description:

The elegant artificial ornamental grass from Europalms is particularly suitable for increasing the feel-good factor in your hotel, vacation apartment or home in just a few steps.

The perennial has a total height of about 130 cm and consists of flower stems of different heights, whose umbels are studded with star-shaped flowers in brilliant white. These are enclosed by lushly arranged, strap-shaped foliage leaves made of PE, which already fall into shape by themselves when the artificial plant is set up.

As a cover of the included basic gardener pot serve incorporated pebbles and artificial moss. Thus, the pot can serve as a stand for a planter, as well as be used as a decorative pot.
