Description:

Set decorative accents in your home with the artificial ornamental grass from Europalms. The grass is especially suitable for low-light living areas or the weather-protected outdoor area of balcony and terrace.

This eye-catching perennial has a sweeping, bushy stature. A particularly lively appearance is achieved by different shades of brown and green of the narrow foliage leaves. These already fall into shape on their own when planted, and no cumbersome plucking or bending is necessary. Directly above the lush foliage, flower stalks of varying heights with feathery seed heads protrude, making them almost indistinguishable from their natural counterparts. The artificial plant has a total height of about 180 cm and comes in a plain gardener's pot, which makes it easier for you to pot it in a suitable planter and serves to better hold the plant.
