incl. 19% VAT.

Description:

This eye-catching natural twig is well-suited to decorate your hotel, vacation home or restaurant space beautifully for a long time and create a feel-good atmosphere.

By drying, the feathery seed heads of the bushy flower stalk have been preserved. Thus they present themselves as long-lasting from their most beautiful side. Whether as a fluffy soloist in large glass vases or as part of an arrangement - this natural decoration fits in perfectly everywhere.

TIP: Treatment with hairspray/hair lacquer seals dried flowers. This counteracts the loss of single pieces, so you will enjoy your natural decoration for a long time.
