

EUROPALMS Inflatable Figure Easter Eggs, 100cm

Inflatable easter eggs

Art. No.: 83314709

GTIN: 4026397633740

The article is no longer in our assortment.

Description:

Not to be overlooked during the Easter egg hunt!

After a long, cold and dark winter, the Easter egg trellis with its bright mix of colors and patterns is the highlight of your Easter decoration.

The Easter eggs are equipped with white LEDs so that the decoration can be seen even on a dull day or in the dark.

Thanks to the IP44 protection class - splash-proof - it can also be installed in protected outdoor areas.

This is how:

For operation, permanently connect the Easter eggs to the power supply via the 1.70 m long supply cable. They then inflate all by themselves to their full size.

For a stable stand, additional floor spits and guy cords are included.

After the season, simply let the air flow out and the Easter eggs can be folded up again to save space and wait for the next spring.

Features:

- Figurine glowing
 - Easy to assemble
 - Self-inflating
 - Space-saving storing
- Package contents**
- 1 x mounting material
