

EUROPALMS Premium pine tree, decorated , 180cm

With 300 warm white LEDs

Art. No.: 8350029A

GTIN: 4026397612561

The article is no longer in our assortment.

Description:

The premium Christmas tree from Europalms, decorated in an elegant and timeless design, impresses above all with its dense quality and good workmanship. The artificial fir is decorated with balls, bows, berry twigs and fir cones. Two pre-assembled light chains with warm-white LEDs round off the "Complete Christmas Tree Set." Whether in your living room at home or in your business premises - it is an eye-catcher.

Since the artificial fir branches do not lose needles compared to their real counterparts, the Christmas tree can be reused every year. It consists of three parts that can be put together in a few simple steps.

The bendable decorated twigs are only slightly plucked into position and the Christmas tree is ready for use. The two pre-assembled LED light chains each have their own power supply unit
