Description:

The artificial fir garland of Europalms is perfectly suitable as table, door or wall decoration in your living and business rooms. Whether classically simple, opulently decorated or as part of an arrangement - it is versatile and does not needle. Not only at Christmas time, but also for theme decorations it finds its use.

The 270 cm long and flexible fir garland is made of high-quality LUVI material (foil cut into strips), which gives it a full-bodied appearance, and already equipped with artificial pine cones. Inside, a flexible wire is incorporated, which can be easily connected to each other at the ends - this way, the garlands can be extended to any length and only need to be plucked together in a few easy steps.

After use, it can be rolled up again to save space and wait for its next use.
