

## EUROLITE ACL Blinder DMX black

High-quality stage version with a very high luminous efficiency

Réf. : 42103465

GTIN: 4026397266511

### Description:

A facelift for a well-tried object. Normally, the lamps of audience blinders are adjusted in a parallel manner and the rays spread enormously. Now, with the ACL-Blinder, the lamps are installed like a circle, so that the beams stay close to one another and form a real big spot. This first-quality stage version has a very high luminous efficiency and is a worthy partner on tour.

### Logistique

EAN / GTIN: 4026397266511

Poids: 11,90 kg

Longueur: 0.83 m

Largeur: 0.17 m

Hauteur: 0.70 m

### Caractéristiques:
